Beyond academic education

Engage in activities beneficial for you and the local society.

- **YUFE Help desks**

Virtual space where students gain knowledge and experience while advising the local community on matters regarding health, legal issues or entrepreneurship.

- **Volunteering programme**

E. g. working with migrants and refugees or teaching languages.

- **Challenge teams**

International and multidisciplinary teams of students, researchers, citizens and nonacademic experts working on the solution of current problems such as e.g. international exchange of medical data.

YUFE Star System

Programme set to recognize personal learning goals beyond academic education.

Mobility Star

The **YUFE Mobility Star** is awarded to learners **who engage in physical or virtual mobility** through academic courses or extracurricular activities.

Professional Star

The focus on the **YUFE Professional Star** is on **Entrepreneurship and Innovation competencies**, related to the ability to always look further into proposed solutions that benefit every European citizen and region.

Language Star

The **YUFE Language Star** programme is a threefold model and **consists of formal learning, combined with practice and real-life experience of multilingualism**, completed by a short personal reflection.

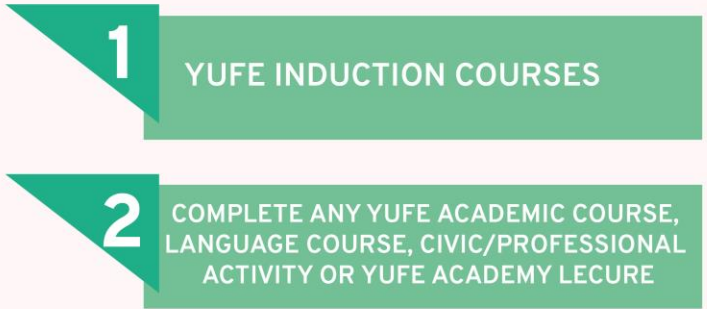

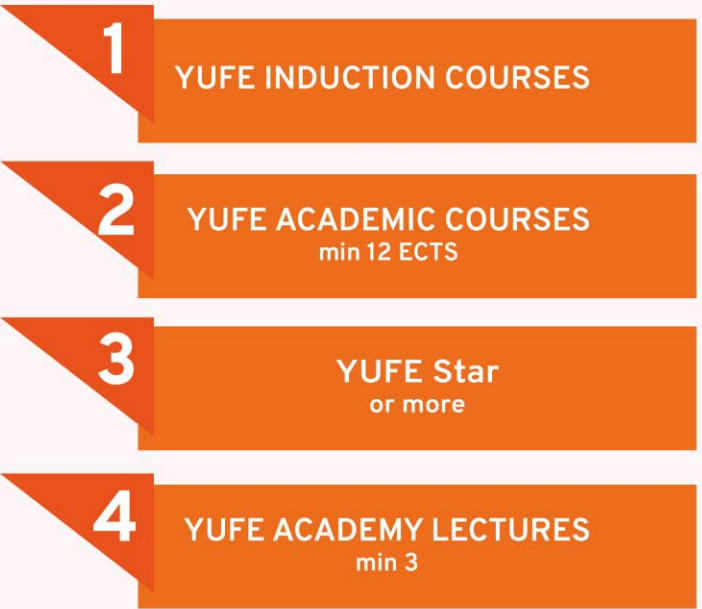

Civic Star

The **YUFE Civic Star** will be awarded for **active citizenship related actions**, in which universities and cities work together to develop solutions to local challenges, many of which are also of European and global relevance.

Student Journey
