Campus in Toruń: Located in two separated places. The main campus (Bielany) has most faculties, Main Library and over half of students' dormitories. Reachable by public transport (buses, trams, 15 mins to centre of the city). The support service is to help students with visual or physical disabilities to reach university buildings and dormitories (by car or by foot – on short distances). The Center campus is 5 mins from the centre of the city (5 dormitories, 4 faculties).

Accessibility: Most of the university building are accessible. Personal assistance is available if needed.

Accommodation: Two dormitories are accessible for wheelchairs. Some bedrooms with en-suite adapted bathrooms are available.

Library: Main Library and some of libraries at faculties are fully accessible. Personal assistants will help with library services if needed. In the Main Library there is a workstation dedicated for visual impaired students; Braille printer also available. Toilets accessible for wheelchairs.

Learning support: Digital voice recorders – laptop computers with specific software like Zoom text – large print or audio – assistance in writing papers and studying.

Assessments: extra time in examinations, possibility for vocal examinations instead of writing and vice versa, individual studying organisation (studying in non-standard formula, for example: taking an exam in individually prearranged terms).
