#### **D. Respect of fundamental principles and other mobility requirements**

The higher education institution(s) located in a **programme country**<sup>6</sup> of Erasmus+ must respect the Erasmus Charter for Higher Education of which it must be a holder. The charter can be found here:

[http://eacea.ec.europa.eu/funding/2014/call\\_he\\_charter\\_en.php](http://eacea.ec.europa.eu/funding/2014/call_he_charter_en.php)

The higher education institution(s) located in a **partner country** of Erasmus+ must respect the following set of principles and requirements:

The higher education institution agrees to:

- Respect in full the principles of non-discrimination and to promote and ensure equal access and opportunities to mobile participants from all backgrounds, in particular disadvantaged or vulnerable groups.
- Apply a selection process that is fair, transparent and documented, ensuring equal opportunities to participants eligible for mobility.
- Ensure recognition for satisfactorily completed activities of study mobility and, where possible, traineeships of its mobile students.
- Charge no fees, in the case of credit mobility, to incoming students for tuition, registration, examinations or access to laboratory and library facilities.

<sup>5</sup> See Common European Framework of Reference for Languages

<sup>6</sup> Erasmus+ programme countries are the 28 EU countries, the EFTA countries and other European countries as defined in the Call for proposals.

Nevertheless, they may be charged small fees on the same basis as local students for costs such as insurance, student unions and the use of miscellaneous material.

The higher education institution located in a partner country of Erasmus further undertakes to:

#### **Before mobility**

- Provide information on courses (content, level, scope, language) well in advance of the mobility periods, so as to be transparent to all parties and allow mobile students to make well-informed choices about the courses they will follow.
- Ensure that outbound mobile participants are well prepared for the mobility, including having attained the necessary level of linguistic proficiency.
- Ensure that student and staff mobility for education or training purposes is based on a learning agreement for students and a mobility agreement for staff validated in advance between the sending and receiving institutions or enterprises and the mobile participants.
- Provide assistance related to obtaining visas, when required, for incoming and outbound mobile participants. Costs for visas can be covered with the mobility grants. See the Information / visa section for contact details.
- Provide assistance related to obtaining insurance, when required, for incoming and outbound mobile participants. The institution from the Partner country should inform mobile participants of cases in which insurance cover is not automatically provided. Costs for insurance can be covered with the organisational support grants. See the Information / insurance section for contact details.
- Provide guidance to incoming mobile participants in finding accommodation. See the Information / housing section for contact details.

#### **During and after mobility**

- Ensure equal academic treatment and services for home students and staff and incoming mobile participants and integrate incoming mobile participants into the institution's everyday life, and have in place appropriate mentoring and support arrangements for mobile participants as well as appropriate linguistic support to incoming mobile participants.
- Accept all activities indicated in the learning agreement as counting towards the degree, provided these have been satisfactorily completed by the mobile student.
- Provide, free-of-charge, incoming mobile students and their sending institutions with transcripts in English or in the language of the sending institution containing a full, accurate and timely record of their achievements at the end of their mobility period.
- Support the reintegration of mobile participants and give them the opportunity, upon return, to build on their experiences for the benefit of the institution and their peers.
- Ensure that staff are given recognition for their teaching and training activities undertaken during the mobility period, based on a mobility agreement.

#### **E. Any additional requirements**

*[To be completed if necessary. Other requirements may be agreed on academic or organisational aspects, e.g. the selection criteria for students and staff; measures for*

The list of Erasmus coordinators at NCU is available at  
<http://www.umk.pl/en/erasmus/coordinators/>

Erasmus students who wish to follow courses at more than one faculty at NCU need to obtain the approval of a coordinator/dean of a respective/particular faculty.

Erasmus students interested in writing a final BA-/MA-/PhD-thesis at NCU should ask a respective coordinator to get an approval to do so. Final theses need to be graded by the home institution/not by NCU.

Nicolaus Copernicus University attempts at facilitating the Erasmus exchange students with disabilities or permanent illnesses. Our International Relations Office, in cooperation with the Section for Students with Disabilities, tries to meet your special needs.

#### **UNIVERSITY OF TEHRAN:**

##### **Nomination and application to UNIVERSITY OF TEHRAN / IRAN**

###### **Before nomination**

In order to prepare nomination, students and staff members should check the academic offer (<http://ut.ac.ir/en>) at the University of Tehran and establish communication with our Erasmus+ coordinator or faculty coordinators for more academic information and for better preparing of their documents such as Learning Agreement/Mobility Agreement.

###### **Nomination**

Until the given deadline, Erasmus+ coordinators from the universities in the Programme countries have to nominate their students and staff members. Nomination is sent through email communication and with each nominated candidate contact details. Official email nomination by NCU will be accepted as official nomination.

#### ***Application***

After nomination the nominated students and staff send an email to our coordinator and they will receive an email which guides them to prepare the required documents for their short term period of study.

#### ***Nomination and application from UNIVERSITY OF TEHRAN / IRAN***

If the number of applicants surpasses the number of allowed mobilities, UT will decide on the applications in a special committee and selects the nominations from the applicants.

### **F. Calendar**

1. Applications and information on nominated students must reach the receiving institution by:

<b>Receiving institution</b>	<b>Autumn term*</b>	<b>Spring term*</b>
<b>PL TORUN01</b>	June, 1st	November, 1st
<b>University of Tehran</b>	26 August-13 January	27 January-17 June

*[\* to be adapted in case of a trimester system or different seasons]*

2. The receiving Institution will send its decision within [x] weeks.
3. A Transcript of Records will be issued by the receiving institution no later than [xx] weeks after the assessment period has finished at the receiving HEI. *[It should normally not exceed five weeks according to the Erasmus Charter for Higher Education guidelines]*.
4. Termination of the agreement

*[It is up to the involved institutions to agree on the procedure for modifying or terminating the inter-institutional agreement. However, in the event of unilateral termination, a notice of at least one academic year should be given. This means that a unilateral decision to discontinue the exchanges notified to the other party by 1 September 20XX will only take effect as of 1 September 20XX+1. The termination clauses must include the following disclaimer: "Neither the European Commission nor the National Agencies can be held responsible in case of a conflict."]*

### **G. Information**

## **1. Grading systems of the institutions**

*[It is recommended that receiving institutions provide the statistical distribution of grades according to the descriptions in the ECTS users' guide<sup>7</sup>. A link to a webpage can be enough. The table will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.]*

At PL TORUN01:

The Nicolaus Copernicus University follows the ECTS scheme, which means that ECTS credits are allocated to course units, lectures, practical works, etc. at each faculty. In ECTS, 60 credits represent one year of study (in terms of workload); normally 30 credits are given for six months (a term/semester).

The Polish grading system in higher education is based on the 5 to 2 scale, where 5 is the best mark and 2 is the worst.

Moreover, students can also be marked with additional signs of + and -. Each of them equals half a point: + means 0.5 more. Some courses, however, are not evaluated on such a marking scheme and for these a student may simply obtain *zal.* or *zaliczenie* (EN, 'pass') which means that their workload was satisfactory and they have passed the course.

Uniwersytet Mikołaja Kopernika w Toruniu		ECTS	
Grade		Grade	Predicate
5		A	Very Good
4,5		B	Better than good
4		C	Good
3,5		D	Better than satisfactory
3		E	Satisfactory
2		F	Unsatisfactory / Fail
Zal / Pass		Participation; i.e. the student has successfully and regularly attended the course.	

At University of Tehran

*Grade reports are given to students for each class. These reports are based on a 20 point grading system. The division of this system is: from 18 to 20: excellent, from 14 to 17: good, from 12 to 14: acceptable, and less than 12: unacceptable.*
